DON'T MISS THIS;

Jibes at the State of Kansas for its probibtion tendencies are cheaper than a dime a dozen and we mean cheaper.

Laugh all you like at bone-dry Kansas, It is still true that the State has fifty-four counties without any insane, fifty-four counties without any feeble minded, Nintysix counties without a poor-house, fifty-three counties without a single person in jail and fifty-six counties without a single representative in the State prison, Lets see the wets try to laugh that one off. How does the record of our own fair State compare with this? adv.

Annual Meeting P.C.A.

Officers of the Gaylord Production Credit Association are making plans for the annual meeting of its 790 farmer members which will be held at Gaylord on Wednesday, November 5th.

The meeting will be held at the V. F. W. Hall and will be called to order at 11:00 A.M. by president Arnold W. Ostrander. A lunch will be served to members and guests at noon and drawing for prizes will be held during the day.

In addition to the regular reports, a main feature of the meeting will be the election of one director for a three year term to succeed George Enger ofPosen whose term expires at this meeting.

Fire Hazard Is Mounting

Hard rain, and plenty of it, would relieve anxiety of conservation department field men now watching the forest fire hazards mount as the number of hunters afield reaches the season's peak. Rain would be welcomed by the hunters also, as they have found the going unusually tough in dense ground vegetation, and shooting difficult because of leaves still clinging to the trees.

The fire hazards is reported highest in the upper peninsula and in northern lower Michigan, but warm sunny days of the prolonged Indian summer have produced a dangerously dry condition in the southern zone also, where pheasants bring the heaviest hunter concentration.

Conservation department men are repeating once again the warning that forest fires is not exclusively a hazard of the northern pine country. A year ago, they say, more wooded acreage was burned over in the southern third of the state than in the entire upper peninsula.

Extra care with burning tobacco and with lunchtime fires has been requested of hunters throughout the state.

Xmas Gift Mailing

The Department of the Army today urged early mailing of Christmas parcels for soldiers overseas.

In order to assure timely deliveries recommendation is made that all gift parcels be mailed between October 15 and November 15.

Gift parcels should be securely packed in boxes of metal, wood, or strong fiberboard. It is advised that addresses be written directly on the box or wrappings and not on gummed labels, which may become moist and loosen. The weight limitation is 70 lbs., and maximum measurements, 100 length and girth combined.

Clyde Warner Reelected Pomona Grange Master

At the election held last Friday night the Charlevoix County Pomona Grange elected the following officers for the ensuing two year term.

Master — Clyde Warner, Barnard.
Overseer — Joe Clark, Rock Elm.
Steward — Orville Hilton, Barnard.
Chaplin — Georgia Murphy, South Arm.
Treasurer —Fred Willis, Maple Grove.
Assistant Steward — Bert Lumley, Deer Lake.
Secretary — Howard Brumm, Barnard.
Lecturer — Anna Warner, Barnard.
Pomona — Mrs. Joe Leu, Peninsula.
Flora — Edith LeCroix, Peninsula.
Ceres — Hattie Murphy, Rock Elm.
Lady Assistant Steward — Helen Lumley, Deer Lake.
Gatekeeper — Joe Leu, Peninsula.
Member Executive Committe — Vern McGhan, Marion Center.

At the same session the Charlevoix County Pomona Grange went on record favoring more support of REA financing by Michigan Congressmen. It was pointed out that all REA funds from the Government are on a loan basis and payments including interest are repaid to the government all cord, 12 Michigan Congressmen voted the time , on time. In spite of this reagainst the $25,000,000 increase in REA loan fund last spring. There are 18,000 farm in Michigan now not serviced by electricity and present REA funds are inadequate to build new lines or extend services. The REA program is the only means by which most farms can get electric service. A resolution embodying these sentiments has been forwarded to Michigan State Grange for further support in the session at Hillsdale late in October.

Following the business meeting the ladies of Peninsula Grange served a lunch. Representatives were present from 6 of the subordinate Granges in Charlevoix County.

Howard Brumm, Secretary,
Charlevoix County Pomona Grange.

THIS NEWSPAPER

To Publish Pictures of LOCAL CHILDREN

● Pictures of the children of this community are to be published in this newspaper as a special tribute to our Young Citizens of Tomorrow. Soon the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now . . . with the dawn of a greater tomorrow in their fresh young faces . . . this newspaper wants a picture of these future professional men and women, and, who knows, perhaps a future president of our country. These pictures will be published in a forthcoming special feature. So, Mother and Dad, your cooperation will be needed to help make this event a colorful and inspiring exhibit!

● Arrangements have been made with The Woltz Studios, nationally known children's photographers for newspapers, to take the pictures at the time and place given below. All you have to do is bring your children to the photographer. There is no charge or obligation. Children must be accompanied by one parent or other guardian.

● You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. It is as simple as that!

● You can clip these pictures from the paper, thus obtaining a memento of childhood which will become a treasured keepsake and memory record for both you and your children.

Deanery Meeting

The Gaylord Deanery meeting will be held Oct. 29th at 8:00 p. m. at Grayling. Mrs. Albert Lenosky, Deanery president, who attended the Tri State Congress held in Grand Rapids in September will report at this meeting.

MARRIAGE

Burklund — Nichols

(From World-Herald, Omaha, Nebr.)

The captain was married to the colonel—after a year's correspondence courtship Tuesday afternoon, Oct. 7 at Offutt Field.

Officers and enlisted men banded in a frantic effort to provide a proper military wedding. The traditional trappings are hard to find these days.

An honor guard of 11 officers spent Monday afternoon practicing the manual of the saber.

The bride is Capt. Pauline E. Burklund, former aide to General Richard Eichelberger, commander of the Eighth Army in Japan. The bridegroom is Col. Roscoe T. Nichols, Jr., plans officers of the Second Air Force.

They met a year ago when the captain visited Offutt Field on leave. They wrote to each other, and the colonel popped the question when the captain came from Japan on another leave.

Lieut. Col. C. W. Harrod, staff chaplain of the Second Air Force, read the ceremony in the post chapel.

Enlisted men plastered "Just Married" signs on the groom's car and tied tin cans to the rear bumper.

When the organ began to play the recessional, the honor guard snapped quickly to attention and whipped out their sabers. S. Sgt. Eebi Breci, is photographer, sprinted out of the chapel ahead of the newlyweds and nearly got a haircut.

The newlyweds left immediately for a two-week honeymoon in Colorado Springs, Colo. They will live at Offutt Field. Mrs. Nichols will be released from active duty soon.

What Have You?

Another clothing drive, for the needy in foreign countries, is being sponsored by the National Council of Catholic Women of St. Joseph's Parish. Anyone having clothes to donate please bring them to the Parish Hall on the afternoon of October 23 and November 6 or leave at the Eileen Brennen home on Main Street.

Clothes should be in wearable condition, clean, but not necessarily pressed. Any help you may give us will be greatly appreciated.

41a3 Committe of Drive

So you think that seeing is believing? Be sure to read "You Can't Always Trust Your Eyes," a revealing true story in The American Weekly, the great magazine distributed with Sunday's Chicago Herald-American.

Bakery Opens Nov. 1st

The Rainbow City Bakery and Grill, located at the intersection of M66 and M32, will open for business November 1st. The property has been purchased by James St. Arno and Charles Gouin. Jim is a former East Jordan boy and Charles, who is Jim's cousin, is a native of Detroit.

The boys will specialize in home baked goods, including bread, rolls, pies, cakes, cookies, doughnuts, etc.

They will also continue the Drive-In Curb Service, specializing in various types of sandwiches, french fries, chili, etc. which always goes good after the theatre or bowling party.

Max Damoth Receiving Auto Drivers' Instruction at Bay City

Last real obstacle to introduction of driver-training in East Jordan high school has been removed.

For Max Damoth, teacher in East Jordan high school, will return home Friday Oct. 24 after being graduated from a five-day Driver-Training Institute here sponsored jointly by State Department of Public Instruction and Automobile Club of Michigan at Bay City.

Now being instructed in teaching youngsters properly how to pilot autos, Max Damoth is attending the institute on an all-expense scholarship awarded by Auto Club along with 72 other Michigan high school teachers and police officers. The teachers and policemen will set up driver-training courses in their respective cities.

With a dual-control driver-training auto available through American Automobile Association and Automobile Club of Michigan, there is no reason why East Jordan cannot have a course in the subject taught by Max Damoth.

Pictures Taken Free of Children

TO BE PUBLISHED IN THE CHARLEVOIX COUNTY HERALD IN THE NEAR FUTURE

The Charlevoix County Herald announces the forthcoming publication of a series of local children's pictures yet to be taken. Arrangements have been completed with the Woltz Studios of Des Moines, Iowa, a nationally known firm who specialize in children's photography for newspapers to take the pictures and furish the engravings.

Expert children's photographers for the studios, with all the necessary equipment for this specialized work, will be here Monday November 10. The special studio will be set up in the IOOF hall and will be open from 1 to 8 p. m.

There is no charge to the parents! There is absolutely no obligation to this invitation. There is no age limit. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper. Neither are they obligated to purchase pictures after they are taken. Those who want some additionaly prints may obtain them by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

You will be happy, afterwards, if you let your child or children participate, and very sorry if you don't. The kiddies will have have and mother and dad will be very proud to see their pictures in print later. Many will clip them out and preserve them until junior grows up. The Charlevoix County Herald wants as many pictures as possible, so don't forget the day and the date. Monday Nov. 10 from1 to 8 p. m.

Red Cross Clinic to Take Blood Donors

Residents of Charlevoix County can directly help those needing surgery suffering from burns, shock or other emergencies by donating their blood at the civilian blood plasma clinic to be held October 30 and 31st. under the aupices of the Charlevoix County Red Cross chapter.

Two hundred donors are needed to make the blood collection a complete success. If every prospective donor in Charlevoix County could see the use to which this plasma by products of their blood is put, if you could see, what near miracles plasma performs day after day, the blood collection unit at Boyne City October 30 and 31 would have more donors than it could handle", Gale Hetrick, executive secretary, stated.

The clinic will be held in Boyne City at the Hotel Dilworth on Thursday, October 30 from 1 p. m. to 2:30 p. m. and from 5 p. m. to 6:30 p.m. Friday, October 31st, 9 a. m. to 10 a. m. and 1 p. m. to 2:30 p. m.

Mrs. A. F. Litzenburger will act as Clinic registrar and will also have charge of Boyne City registrations.

Mrs. W. G. Boswell will accept registrations in East Jordan, Mrs. Dean Davenport and Miss Francis Martin in Charlevoix and all Granges are requested to send their registrations to Mrs. Joseph Clark, East Jordan. Mrs. Ray March will accept registration in Walloon Lake and Arden Hausler in Boyne Fall.

ANNUAL CONFERENCE

Charlevoix County's extension personnel will spend the week of October 27 at Michigan State College, East Lansing at the thirty-fourth annual conference of Michigan Extension Workers.

Attending from the county will be: Ed Rebman, county agricultural agent; Emma J. Fero, home demonstration agent; and K. C. Festerling, 4-H club agent.

The conference will bring together 270 people employed in agricultural and home economics extension program in Michigan. Farm and home planning will be the featured topic of discussion at the session, although all phases of farm and homemaking will be covered. Out-of-state speakers in addition to college staff members will speak to the groups and agents will arrange fall, winter, and spring schedules with the extension specialists.

MSC BOTANIST FINDS SPRAY TO KILL GRABGRASS

Spray material that gives promise of killing crabgrass and does not damage bluegrass, clover, and other lawn grass has been found by Dr. B. H. Grigsby, Michigan State College research botanist.

The spray isn't on the market and perhaps will not be for a year or more. Further tests must be made to determine the recommendations for its most effective and practical use. Preliminary tests were promising enough to indicate the oil base spray material may answer the previously unsolved problem of crabgrass eradication by chemical means.

The oil base spray is an experimental material developed by the Standard Oil Company (Indiana) which is supporting part of the research conducted by Dr. Grigsby for the Michigan State College Agricultural Experiment Station.

Young crabgrass dies in from 5 to 10 days when sprayed with this product. So do other grasses like foxtail. But the perennial grasses — the ones you like in your lawn are practically undamaged. The killer has shown no indications of lasting effect on bluegrass, bermuda, fescues, red top, orchard grass, clover, bent grass, or perennial ryegrass. Merits of the spay on crops have not been determined but experiments are under way to find it can be used in killing crabgrass in nursery crops, cotton, and corn without damaging the crops. Dr. Grigsby has found the oil base spray compatible with broadleaf weed killers, of 2, 4-D.

PLANTED ANY RYE

Sure its getting late — but if you haven't planted any rye this fall, it's still a good bet if the ground isn't frozen. Farm Crops Specialist at MSC say the September planted rye usually does better than that planted in October — but its not too late. If thecrops doesn't progress far enough to harvest a grain crop next year, you can always plow it under for a green manure crop. And here's something to remember — a field in rye this winter and next spring will not lose valuable top-soil with run-off water like a bare field.

Long Preliminary

Telephone conversation between two law firms:

Telephone rings: "This is Perkins, Parkins, Peckam and Potts—Good morning."

"I want Mr. Perkins, please."

"Who is calling, please?"

"Mr. Pincham of Pincham, Pettam, Poppum and Pogg."

"Just a moment, please. I'll give you Mr. Perkins' office."

"Hello, Mr. Perkins' office."

"Let me speak to Mr. Perkins."

"Mr. Perkins? I'll see if he's in. Who's calling, please?"

"Mr. Pincham of Pincham, Pettam, Poppum and Pogg."

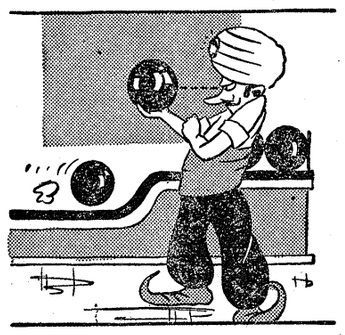

"Just a moment, Mr. Pincham. Here's Mr. Perkins. Mr. Pincham on the line, please."

"Just one moment, please, I have Mr. Pincham right here. Okay with Perkins, Parkins, Peckham and Potts. Mr. Pincham. Go ahead, please."

"'Lo, Joe. How about lunch?"

"Okay."

DOUBLE PURPOSE

A young man was anxious to have his fortune told. He went to a swami. As he sat at the table he noticed the crystal ball had two holes in it.

"What's the idea of the holes?" he asked.

"On Wednesday night," explained the swami, "I go bowling."

Simpler Word

Mrs. Smith was reading a letter at breakfast. Suddenly she looked up suspiciously at her husband.

"George," she said, "I've just received a letter from mother saying she isn't accepting our invitation to come and stay, as we do not appear to want her. What does she mean by that? I told you to write and say that she was to come at her own convenience. You did write, didn't you?"

"Er—yes," said George. "But I—I couldn't spell 'convenience,' so I made it 'risk'."

Quite a Baby!

A deacon in the local church was going to the city, and agreed to purchase a new sign to be hung in front of the church. He lost the sheet of paper on which he had put the motto and dimensions, so he wired his wife:

"Send motto and dimensions."

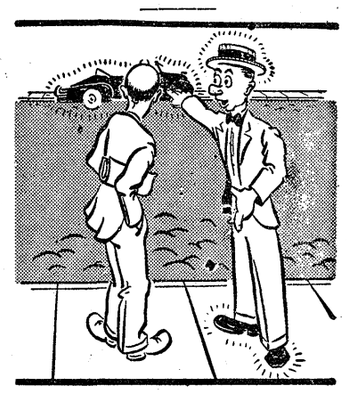

An hour later the telegraph operator was startled at the reply. The message read: "Unto Us a Child is Born, 6 feet long and 2 feet wide."

Not Too Sorry

"I hope, dear," remarked mother, "that when they sent you home, you were sorry Miss Pringle couldn't teach today."

"Oh, I was, mother," little Betty replied. And then, with a mischievous twinkle in her eye, the youngster added: "But, mother, I couldn't help clapping my hands under my breath."

RAIN-MAKER

"Do you think it will rain this afternoon?"

"Probably, I've got a new hat, a fresh shoeshine and I've just had my car washed."

Measure for Measure

A farmer's wife sold her surplus butter to a grocer in a nearby town. One morning the grocer remarked, "Your butter was underweight last week."

"Now, fancy that," she replied. "Baby mislaid my weight that day, so I used the pound of sugar you sold me."

Tight Fit

A hunter was showing off his collection of trophies to a group of visitors. He was rapturously explaining how he acquired the various exhibits. "See that elephant?" he said. "I shot it in my pajamas."

"My gosh," murmured the surprised young lady, "How did it get in there?"

Easy Way Out

The after-dinner speaker had talked for 15 minutes but said nothing important. "After partaking of such a meal," he continued, "I feel if I had eaten any more I would be unable to talk."

From the far end of the table came a shout: "Give him a sandwich."

Michigan in Mirror

INTERPRETING THE NEWS

(Delayed from last week)

Governor Kim Sigler possesses an astounding memory.

And so does Dr. Eugene B. Elliott, state superintendent of public instruction.

The other day we received a telephone call. Norm Borgerson, one of Dr. Elliott's aides, was on the line. "There's a very important dinner coming up next Monday night, and you ought to be there," he said. "The governor, lieutenant governor, most of the state officials and department heads are coming."

"What's it all about?" we asked.

"Education and conservation — how to make better use of our state recreational land, how to increase the public's appreciation of Michigan's state park and recreational facilities, why it's necessary to practice soil conservation —"

"That's plenty," we interrupted. "We'll be there."

If there is anything we try to practice and preach, it is more intelligent use of the state's vast holding of recreational, game and fish land, and the need for better soil conservation. Land is the foundation of our entire economy.

About 25 persons were seated around a long table at a Lansing hotel. Dr. Elliott arose, welcomed them, and then proceeded to introduce each guest. He knew them by their first names. He injected humor. He said of Tom Wilson, director of civil service; "Here is a man we all love." Called by first name and given an accurate and semi-flattering reference, each person was in good spirits by the time the next speaker arose to talk.

Pete Hoffmaster, dirctor of the state conservation department, knows his conservation. He lives it. He eats it. He sleeps it. He told about the state's 18 group camps whereby groups of five to 60 persons may be given overnight camp facilities and groups up to 250 persons thus served was 5,559; the summer seasons added 6,446, and the calendar year's total will be between 15,000 and 16,000.

Where are these camps? Pete didn't go into details, and so we inquired later. Three are in the Waterloo recreational area; two in the Yankee Springs area. One each at the following: Ludington, Muskegon, Sleeper, Hayes, Island Lake, and Van Buren state park. One at Allegan Lake, Ocqueoc lake in Presque Isle county, Ortonville and Highland recreational areas. And, two in the Upper Peninsula.

Dr. Hugh Masters, educational advisor of the W. K. Kellogg Foundation, was next introduced. The foundation gives the state an annual grant of $7,500 to promote group camps.

The final speaker was Governor Kim Sigler. Recuperating from an illness, he told about a book he had just read. It's title was "The Misunherstood Patriot" — Michigan's first governor, Stevens T. Mason. The governor recited from memory incidents and dates about Michigan's early history. And when we wondered how far off the beam he had gone, he wound it up neatly and effectively.

The Sigler mind is amazing in its ability to remember names, dates and information. It has created a dilemma for him, because he is under constant pressure to speak. He likes people, he likes to speak, and the result is neither good for his health nor for the accumulation of problems at the executive office in Lansing.

We left the dinner with the impression: One, Michigan is only beginning to make use of its public land. Second, we wish we had a good memory.

From where I sit ... *by* Joe Marsh

"Take Pen in Hand"

This column has been running for so long that its readers, in towns like ours all over the country, are beginning to "take pen in hand" and write us what they think.

Some of them take me over the coals for what I say—like the column I ran on planting alfalfa. Others write, "I liked your column yesterday, *but*...." All of them have different points of view.

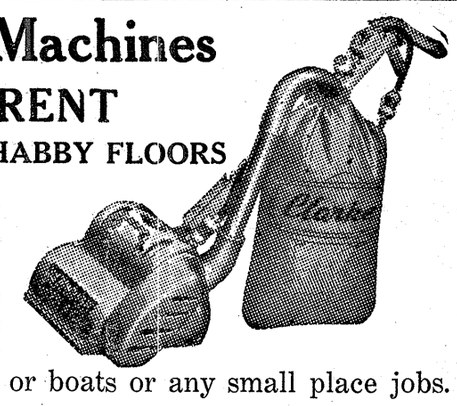

From where I sit, that's the way it should be. Everybody's entitled to an opinion—and it's those very differences, and friendly criticism, that make for tolerance and better understanding—whether it's ideas on planting alfalfa or choosing between beer and cider.

The more folks air their differences right out in public, with a neighborly respect for the other person's liberties and point of view, the closer we are to the American principle of individual freedom—whether it's in a choice of crops or beverages.

Promoting Rural Health

Rural health is a great deal more than a discussion topic to the medical doctors of Michigan — it is a vital program that has their fullest support. This is evidenced in many ways that were brought out at the Michigan Rural Health Conference which was held at Michigan State College recently. Being one of the sponsors, Michigan doctors of medicine utilized this Conference to search out the further avenues in which they can most practically enlarge their health services in Michigan's rural areas. This concern of organized medicine, and many other health organizations, with the health improvement of all the people of the State is one of the reasons why Michigan leads the way in health progress.

SCRIPTURE: James 1—2; Matthew 25: 34-46.
DEVOTIONAL READING: Matthew 7: 15-27.

Religion in Practice

Lesson for October 26, 1947

SUNDAY'S lesson takes us to one of the practical Christian preachers of the New Testament. Please open your Bible to the Epistle of James, and read especially the first two chapters. James was a man of great faith, but he realized, as we must realize, that faith is best expressed in works.

Dr. Newton

Then read Matthew 25: 34-46, and for the devotional lesson, read Matthew 7: 15-27.

When you shall have read these passages, you will then be ready for the consideration of religion in everyday life.

* * *

A Cup of Cold Water

WHAT, someone will be asking, can I do to show my desire to be of actual service, in the name of Jesus. Jesus tells us. He says that whosoever shall give a cup of cold water in His name is doing the will of God.

We live in a world that poignantly waits for a cup of cold water. I have just returned from another trip through Europe. I was there in 1946, and I felt then that life in Europe had reached the last possible expression of need. But this past summer I was startled to witness a still greater need.

The question that immediately came to mind as I observed conditions in Germany and England and other countries this past summer was this, What can we do to meet such need? And the answer was ready at hand—give them what you have, in the name of Jesus.

* * *

Doers of the Word

JAMES makes much of practical religion in everyday life. He tells us that we are to be doers of the word and not mere sayers of the word, or hearers of the word. And here he means the Word of God—the will of God.

Is there a misunderstood boy in your block? Is there a girl in your class at school who suffers from some bitter criticism? This lesson would suggest to every Christian boy and girl to go in sympathetic understanding to such neighbors and help them to overcome these handicaps. Thus we become doers of the will of God.

* * *

Living Our Religion

WHAT we are determines what people think of our religion, not what we say about our religious life. James tells us in Sunday's lesson that faith without works is dead. It is that very truth that our generation so much needs to get hold upon.

We have many perplexing situations in our world. Racial differences, differences regarding capital and labor, and so forth and so on.

How are these problems to be solved? By resolutions? We know that many very pious resolutions have been adopted concerning these problems, but still the problems remain.

One Christian in any given community who applies the teaching of James to everyday life will start a train of events that will add up to the solution of any problem, social, economic or what not. We must translate our beliefs into action.

* * *

The More Excellent Way

JAMES goes on to assure us that when we undertake faithfully to live our religion, we may confidently claim the promise of God that if any man lack wisdom, let him ask of God who giveth liberally unto all men, and upbraideth not.

The conclusion of the whole matter, therefore, is to face life as we find it, taking into account the actual facts, and boldly and confidently tackling the job in the assurance that the grace of the Lord Jesus Christ is always sufficient for any and every situation.

The more excellent way of the Golden Rule is the answer to the whole matter. But the Golden rule is impotent until it is translated into action.

And the best of it all is that it actually works. When someone asked Morrison what Christianity was doing for China, he replied: "Christianity is changing China into a community of God." That is precisely what this lesson will do for your community, if you apply its teachings to life as you find it.

It pays to share the line

There still aren't enough telephone facilities to go around. Until there are, party lines will help give service to more people. That service can be satisfactory to all if everyone shares the line considerately. Good party-line neighbors keep calls short . . . stay off the line when others are using it . . . always carefully replace the receiver when they're through talking.

Ordinance No. 66

An ordinance authorizing the acquisition and construction of additions, extensions and improvements to the water supply system of the City of East Jordan; authorizing and providing for the issuance of self-liquidating revenue bonds for the purpose of defraying the cost thereof under the provisions of Act 94, Public Acts of Michigan, 1933, as amended; providing for the fixing, collection, segregation and disposition of the revenues of said water supply system and payment of said bonds out of the revenues thereof; creating a statutory lien on such revenues and providing for other matters relative to said bonds, the water supply system and the revenues therefrom.

THE CITY OF EAST JORDAN ORDAINS:

Section 1. The City Council of the of the City of East Jordan, Charlevoix County, Michigan, hereby determines it to be necessary for the public health, safety, convenience and welfare of said city to construct and acquire certain additions, extensions and improvements to the Water Supply System of the city consisting of a new well, pump, and extensions of its water mains, and the City Council hereby determines that said additions, extensions and improvements shall be acquired and constructed in accordance with detailed maps, plans, specifications and estimates heretofore prepared by S. A. Tokoly engineer of Boyne City, Michigan.

Section 2. The City Council hereby determines that the estimate of cost of said public improvements as prepared by S. A. Tokoly engineer, including the payment of incidental expenses as specified in Section 3 hereof is hereby approved and confirmed, and the period of usefulness of said proposed public improvements is estimated to be not less than thiry (30) years.

Section 3. To pay the cost of acquiring and constructing such improvements, including the payment of engineering, legal and other expenses incident thereto and incident to the issuance of said bonds, it is hereby determined that the City of East Jordan shall borrow the sum of Twenty Five Thousand ($25,000) Dollars, and that revenue bonds be issued therefor under the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Wherever the words "the System" are used in this Ordinance, they shall be understood to mean the complete water supply system of the City of East Jordan, including all extensions and improvements made under the provisions of this Ordinance, and including specifically, but without limitations:

(a) The complete and entire water system now owned and operated by the City of East Jordan, including wells or other source of supply, distribution system, treatment facilities and all related equipmen.

(b) All extensions and improvements to the water system of the City of East Jordan, including any which may be made while any of the bonds are outstanding.

(c) All real and personal property of every character and description owned by the City of East Jordan and used or useful in the operation of its water system, including real estate, water mains, wells, hydrants, valves, meters, reservoirs, tanks, treatment plants, machinery, apparatus, equipment, franchises, contracts, rights, privileges, leaseholds and easements pertinent thereto.

Wherever the words "Revenues" and "Net Revenues" are used in this Ordinance, they shall be understood to have the meaning as defined in Section 2 of Act 94, Public Acts of Michigan, 1933, as amended.

Section 4. Said bonds shall be designated WATER SUPPLY SYSTEM REVENUE BONDS, and shall be, not general obligations of the City of East Jordan, but Revenue Bonds, payable out of the net revenues of the System after provision has been made for payment of expenses of operation, and shall consist of 25 bonds of $1,000 each, numbered in direct order of maturity from 1 to 25, inclusive, dated December 1, 1947, and payable serially as follows:

$2,000 December 1st of each of the years 1948 and 1949

$4,000 December 1st of each year from 1950 to 1953, inclusive

$5,000 December 1st, 1954.

Said bonds shall bear interest at a rate or rates not exceeding four per cent (4%) per annum, payable semi-annually on June 1st and December 1st of each year, both principal and interest to be payable in lawful money of the United States of America at the State Bank of East Jordan in the City of East Jordan, Michigan

Bonds numbered 1 to 16, inclusive, maturing in the years 1948 to 1952, inclusive, shall be non-callable.

Bonds numbered 17 to 25, inclusive, maturing in the years 1953 and 1954, shall be redeemable at the option of the City, in inverse numerical order, on any interest payment date on or after September 1, 1949, at par and accrued interest. Notice of redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days' notice shall be given by mail to the registered address.

Said bonds may be registered in the manner and with the effect set forth on the face thereof, as hereinafter provided.

Said bonds shall be signed by the Mayor and countersigned by the City Clerk, and shall have the corporate seal of the City affixed thereto, and shall have interest coupons attached bearing the facsimile signatures of said Mayor and City Clerk, and said officials, by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures on said coupons.

Section 5. Said bonds shall not be a general obligation or indebtedness of the City of East Jordan, but shall be payable solely from the net revenues derived from the operation of the System; and to secure such payment there is hereby created a statutory first lien upon the whole of the net revenues of said System, to continue until the payment in full of the principal and interest on said bonds.

Section 6. The holder or holders of said bonds or coupons representing in the aggregate not less than twenty per cent (20%) of the entire issue then outstanding may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien upon the revenues of said System, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the City of East Jordan, including the fixing of sufficient rates, the collection of revenues, the proper segregation of the revenues of the System and the proper application t hereof: Provided, However, that the statutory lien upon said revenues shall not be construed to compel the sale of the System.

If there be any default in the payment of the principal of or interest upon any of said bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate said System on behalf of the City, and under the direction of said court, and by and with the approval of said court, to perform all of the duties of the officials of said City more particularly set forth herein and in Act 94, Public Acts of Michigan, 1933, as amended.

The holder or holders of any such bonds or any coupons therefrom shall have all other rights and remedies given by said Act 94, Public Acts of Michigan, 1933, as amended, for the collection and enforcement of said bonds and the security therefor.

Section 7. The construction, alteration, repair and management of the System shall be under the supervision and control of the City Council. The City Council may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient management and operation of the System.

Section 8. The schedule of rates for water and service supplied by the System in effect in the City on the date of the adoption of this ordinance shall be regarded as the initial schedule of rates for the purposes of this ordinance, but shall be subject to such increase and revision from time to time as may be necessary to carry out the provisions of this ordinance.

The charges for water and services which are under the provisions of Section 21 of Act 94 of the Public Acts of Michigan, 1933, as amended, made a lien on all premises served thereby, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien and whenever any such charge against any piece of property shall be delinquent for six months, the City Officials in charge of the collection thereof shall certify to the tax assessing officer of the City, the fact of such delinquency, whereupon such charge shall be entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general city taxes against such premises are collected, and the lien thereof enforced. Provided, However, where notice is given that a tenant is responsible for such charges and service as provided by said Section 21 no further service shall be rendered any piece of property until a cash deposit of not less than Five Dollars ($5.00) shall have been made as security for the payment of such charges and service.

In addition to other remedies provided, the City shall have the right to shut off and discontinue the supply of water to any premises for the non-payment of water rates, when due.

Section 9. The rates hereby fixed are estimated to be sufficient to provide for the payment of the interest upon and tthe principal of all such bonds as and when the same become due and payable, to create a bond and interest redemption fund therefor, to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby covenated and agreed at all times to fix and maintain such rates for services furnished by the System as shall be sufficient to provide for the foregoing.

Section 10. The System shall be operated on the basis of an operating or fiscal year commencing on 9-1-47 and ending on 9-1-48.

Section 11. The revenues of the System are hereby ordered to be set aside, as collected, and deposited in the State Bank of East Jordan, a bank duly qualified to do business in Michigan, in an account to be designated WATER SUPPLY SYSTEM RECEIVING FUND (hereinafter referred to as the RECEIVING FUND), and said revenues so deposited are pledged for the purposes of the following funds and shall be transferred from said Receiving Fund periodically in the manner and at the times hereinafter specified.

(A) OPERATION AND MAINTENANCE FUND:

Out of the revenues in the Receiving Fund, there shall first be set aside, quarterly, into a separate depositary account designated the OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment, for the next quarterly period, of the current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

(B) BOND AND INTEREST REDEMPTION FUND:

There shall next be established and maintained a separate depositary account known as the BOND AND INTEREST REDEMPTION FUND, which shall be used solely and only for the purpose of paying the principal of and interest on the bonds hereby authorized. Said Bond and Interest Redemption Fund shall be maintained as a separate depositary account in the bank or trust company where the bonds are made payable.

Out of the revenues remaining in the Receiving Fund after provision has been made for expenses of operation and maintenance of the System, there shall next be set aside, quarterly, in the Bond and Interest Redemption Fund, a sum sufficient to provide for the payment of the principal of and interest upon all oustanding bonds payable from the revenues of the System, as and when the same become due and payable. The amount so set aside during each quarterly period, commencing December 1, 1947 shall be not less than one half (½) of the interest and one fourth (¼) of the principal next maturing on the bonds herein authorized.

No further payment need be made into said Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said fund (including any reserve therein) is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the bonds then remaining outstanding. If, in any operating year, the City shall fail to pay into the Bond and Interest Redemption Fund the full amount hereinbefore stipulated, then an amount equivalent to such deficiency shall be set apart and paid into said fund from the first available net revenues of the following operating year or years.

Section 11. Any revenues remaining in the Receiving Fund in any operating year after meeting all requirements of the Operation and Maintenance Fund and Bond and Interest Redemption Fund shall be deemed to be surplus and shall be transferred by the City Council into the Bond and Interest Redemption Fund and used for the purpose of calling bonds of this issue. Any such moneys remaining in the Bond and Interest Redemption Fund after all callable bonds have been retired shall remain in said fund as a reserve to meet future payments on bonds of this issue.

Section 12. Said bonds shall be sold and the proceeds applied in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 13. The State Bank of East Jordan, Michigan, a Federal Reserve System member bank, is hereby designated depositary of the proceeds of sale of said bonds. Such proceeds shall be used solely to pay the cost of the extensions and improvements herein described and any engineering, legal or other incidental expenses, and shall be paid out on authorization of the City Council. Any remaining balance after such expenditure shall be paid into the Bond and Interest Redemption Fund and shall be used for the redemption of callable bonds.

Section 14. The City of East Jordan covenants and agrees with the successive holders of the bonds and coupons that so long as any of the bonds remain outstanding and unpaid as to either principal or interest —

(a) The City will maintain the System in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the State of Michigan, including the making and collecting of sufficient rates for water and service rendered by the System and the segregation and application of the Revenues of the System in the manner provided in this Ordinance.

(b) The City will fix and collect rates and charges for all water service supplied by the System in order to obtain revenues fully sufficient to provide for payment of the expenses of administration, operation and maintenance of the System, to provide for the payment of interest on and the principal of all obligations payable therefrom, including the bonds herein authorized, as and when the same become due and payable. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts.

(c) The City will not permit free water service to be supplied by the System to the City or any departmen or agency thereof, or to any person, firm or corporation, public or private, or to any public agency or instrumentality. The reasonable cost and value of all water service rendered to the City and its various departments shall be charged against the City and shall be paid for as the service accrues. All payments so made shall be considered revenues of the System, and shall be applied in the manner herein provided for the application of the revenues of the System.

(b) The schedule of rates for water service referred to in Section 7 of this Ordinance shall be regarded as the initial schdule of rates for the purposes of this Ordinance. Such rates shall be subject to increase and revision from time to time as may be necessary to carry out the provisions of this Ordinance.

(e) The City Commission will maintain and keep proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the System. Not later than three months after he close of each operating year, the City Commission will cause to be prepared, on forms furnished by the Municipal Finance Commission, if such forms be available, a statement in reasonable detail, sworn to by its chief accounting officer, showing the cash income and disbursements of the System during such operating year, the assets and liabilities of the System at the beginning and close of the fiscal year, and such other information as is necessary to enable any taxpayer of the City, user of the service furnished, or any holder or owner of the bonds or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the System during such year. A certified copy of such statement shall be filed with the Municipal Finance Commission, and such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the City, user of the service or holder or holders of any bonds or anyone acting in their behalf. The City Commission will also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(f) The City will maintain and carry for the benefit of the holders of the bonds, insurance on all physical properties of the System, of the kinds and in the amounts normally carried by public utility companies and municipalities engaged in the operation of water systems. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling bonds.

(g) The City will not sell, lease or dispose of the System or any substantial part thereof until all of the bonds have been paid in full, both as to principal and interest. The City, further, will cause the operation of the System to be carried on as economically as possible, will cause to be made to the System all repairs and replacements necessary to keep the same in good repair and working order, and will not do or suffer to be done any act which would affect the System in such a way as to impair or affect unfavorably the security of the bonds.

Section 15. While any of the bonds authorized by the provisions of this Ordinance shall be outstanding, no additional bonds payable from the revenues of the System shall be issued which shall be of superior or equal standing with the bonds herein authorized.

Section 16. Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF CHARLEVOIX
CITY OF EAST JORDAN
WATER SUPPLY SYSTEM
REVENUE BOND

No. _____ $1,000.00

KNOW ALL MEN BY THESE PRESENTS that the CITY OF EAST JORDAN, County of Charlevoix, State of Michigan, for value received, hereby promises to pay to the bearer, or if registered, to the registered holder hereof, but only out of the revenues of the Water Supply System of the City, including all appurtenances, extensions and improvements thereto, the sum of

ONE THOUSAND DOLLARS

on the first day of December, A. D., 194__, with interest thereon from the date hereof until paid at the rate of _____ per cent per annum, payable semi-annually on the first day of June and December of each year, on presentation and surrender of the proper interest coupons hereto annexed as they severally become due. Both principal of and interest on this bond are payable in lawful money of the United States of America at the STATE BANK OF EAST JORDAN, East Jordan, Michigan, and for the prompt payment thereof, the gross revenues of the Water Supply System of the City of East Jordan, including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, are hereby irrevocably pledged, and a statutory first lien thereon is hereby created.

This bond is one of a series of twenty five (25) bonds of even date and like tenor except as to date of maturity _____ aggregating the sum of $25,000 issued pursuant to Ordinance No. 66 duly adopted by the City Commission on October 20, 1947, and under and in full compliance with the Constitution and Statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying the cost of acquiring and constructing additions, extensions and improvements to the Water Supply System of the City. For a complete statement of the revenues from which and the conditions under which this bond is payable, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above described Ordinance.

The right is reserved of redeeming bonds of this issue numbered 17 to 25, inclusive, maturing in the years 1953 and 1954, in inverse numerical order, on any interest payment date on or after December 1, 1949, at par and accrued interest on thirty days' notice by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds thirty days' notice shall be given by mail to the registered address.

This bond is a self-liquidating bond, and is not a general obligation of the City of East Jordan and does not constitute an indebtedness of the City of East Jordan within any constitutional or statutory limitation, and is payable, both as to principal and interest, solely from the revenues of the Water Supply System of the City. The principal and interest on this bond are secured by the statutory lien hereinbefore mentioned.

The City of East Jordan has covenanted and agreed, and does hereby covenant and agree, to maintain at all times while any of said bonds are outstanding, such rates for service furnished by said Water Supply System as shall be sufficient to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Water Supply System as may be necessary to preserve the same in good repair and working order and to provide for the payment of interest upon and the principal of all bonds payable therefrom as and when the same become due and payable.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

This bond may be registered as to principal only on the books of the City Treasurer in the name of the holder, and such registration noted on the back hereof by the City Treasurer, after which no transfer shall be valid unless made on the books and noted hereon in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF the City Council of the City of East Jordan, County of Charlevoix, State of Michigan, has caused this bond to be signed in the name of said City by the Mayor and countersigned by the City Clerk and the corporate seal of the City to be affixed hereto, and the coupons hereto attached to be signed by the facsimile signatures of said Mayor and City Clerk, as of the first day of December, A. D., 1947.

How to keep PEACE in the FAMILY

GO GREYHOUND!

● No use trying, it's completely impossible for dad, mother, sis and brother to drive the family car to different places *at the same time.* But you can keep all the folks happy by checking on Greyhound's frequent convenient schedules and planning your trip in comfort — by bus. Invariably you will find Greyhound goes direct to the particular resort, college, city, village or spot you wish to visit. And what's more, Greyhound carries you at less cost than any other travel way — less than driving your own car. For your next trip — any trip — try Greyhound.

You'll Enjoy Greyhound's Low Fares
